

Passing Isolation

Go and open the door

It's raining

It's sunny

It's *windy*

It's snowing

It's blowing

It's hailing

Go and open the door

Take pictures with mobile 'phone

Captured:

The rain on the road and spray from
car tyres and on grass behind
warmth and glowing colours of flowers.

The wind and the tree swaying.

It's snowing but not sticking.

It's blowing dandelion seeds.

It's hailing now and making mosaics in the grass.

Go and open the door

It's calm

It's almost over

It's almost gone

Even though we couldn't see it –

Covid – go and open the door.

(Inspired by prompts/material at CW Class)
